THE LATEST GATO PUB FLASHMOB PUTS DANCE EMOTES TO MUSIC THANKS TO THE DREAD CREW OF ODDWOOD – CREATING A UNIQUE SEAFARER’S STORY

El Gato Pub is thrilled to announce the elevation of our unique virtual flashmob experience. For over five years, Gato Pub has been running virtual flashmobs in the worlds of Fallout 76 and Sea of Thieves, with the gaming community coming together to show off their dance moves with choreographed emotes. Now, the Gato is proud to unveil their latest creation, featuring the electrifying music of The Dread Crew of Oddwood. The Gato Flashmobs, known for their chaotic and yet perfectly timed performances, have been fortunate enough to have been given permission to use the song "Side Quest" by The Dread Crew of Oddwood to integrate into a homage to International Seafarers Day. This unique blend of virtual gaming environments and music delivers a fun, engaging way to experience both the music and the games anew.

"I was absolutely stoked when I got the okay to use the song," said Kayce, aka Shredz, Streamer and El Gato Pub owner. "The Dread Crew of Oddwood's music perfectly complements the adventurous spirit of our flashmobs, and the Sea of Thieves game in which we create some of our "splashmobs". I can't wait for the broader community to experience the magic of 'Side Quest' as seen through a video game sandbox."

Participants can join in the filming of the Gato flashmobs in both Fallout 76 and Sea of Thieves a few times throughout the year as all are welcome. The latest can be found here: <https://shorturl.at/7lbvU> While previous flashmobs can be found here: <https://www.elgatopub.com/fallout76-flashmobs>
